- ◇ Unparalleled Quality - Stellar Track Record
- ◇ 20 Year Warranty (Gypsum Ceiling Panels & Floor Joist)
- ◇ Contact your local representative for pricing information and installation requirements

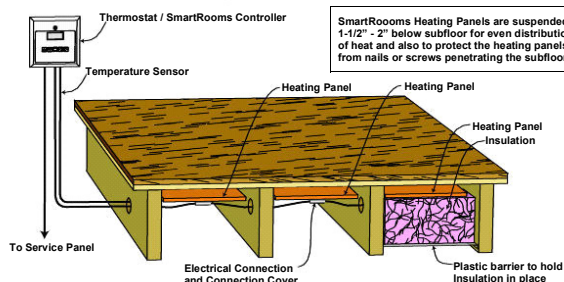

"Our Kitchen is by far the most comfortable room in the entire house"

Features & Benefits

- ◇ **Energy Efficient**
- ◇ **Maintenance Free**
- ◇ **No airborne contaminants or dust**
- ◇ **Safe & Clean**
- ◇ **Motionless, Invisible, Quiet**
- ◇ **Precisely controlled in each room**
- ◇ **Increases property and resale values**
- ◇ **The systems are completely concealed for more decorating freedom**
- ◇ **Electric Radiant Technology provides superior comfort**

The Therma-Ray Electric Radiant course is approved by the US Green Building Council (USGBC) and the American Institute of Architects (AIA)

Heating Panels can be suspended by drilling a 1/8" - 1/4" hole through the floor joists and then pull a small gauge wire through the holes and tie off on each end
Trusses can be done in same manner or by utilizing plastic or metal strapping
